HIDEAWAY WORKDAY SCHEDULE
2022

The following dates have been set for homeowner volunteer workdays. Please make a note of them.

June 11, July 9, August 6, and September 10.

The past two years, due to the COVID-19 virus, we went to a modified schedule which still kept the four (4) workdays as scheduled but also allowed homeowners to complete their eight (8) hours of voluntary work at their own convenience. Also, as last year, homeowners will again receive credit for work performed in front of their own unit. All work must be completed by the end of the last workday, September 10.

If you wish to work on a scheduled workday we will have tools, wheelbarrows, etc. out as usual. If you wish to begin work earlier or work on days other than the scheduled workdays, please notify Kevin Lovett at klovett@srgsummit.com , David Diehl at dave330kestrel@gmail.com or Al Grabenstein at Al.hideaways@gmail.com to make arrangements for someone to meet you and get you the necessary tools you will need for your project.

If you choose to work on scheduled workdays, each individual participating on their first workday will be asked to complete the Volunteer Release of Liability form during sign-in, and a Work Performed Report upon completion of the work that day. Before you begin work on days other than the scheduled workdays, please be sure to submit a Volunteer Release of Liability form for each individual participating in the work.

For proper recording of your hours worked before the first scheduled workday, the Work Performed Report should be submitted no later than the first scheduled workday. For work performed between scheduled workdays, the Work Performed Report should be submitted by the next scheduled workday, but no later than September 30.

All completed Volunteer Release of Liability forms and Work Performed Reports should be submitted to Al Grabenstein Al.hideaways@gmail.com . Both forms are attached.

The Hideaway is attempting an aggressive landscape program this year and there will be a lot of work available so we hope all homeowners who are available will try and help with this year's program. Please remember that work that is not accomplished by our homeowners can cost the HOA up to $50.00 per person hour for hired labor to complete tasks.

Please review the attached 2022 General Guidelines for Berms document.

On behalf of the Board of Directors we look forward to working with you again this year and know we can have great fellowship and accomplish a lot of work.
