V. MANAGING AGENTS REPORT

Kevin Lovett thanked the Board for their hard work this past year as well as site manager Shane Carr. The following Managing Agents Report was presented:

A. Projects

In addition to the “routine” day to day items, the following items have been completed:

- Insurance policy review and renewal
- Low temp alarm inspection and battery change.
- Water backflow annual tests and inspections.
- Minor siding and gutter repairs
- Concrete repairs and replacements
- Asphalt crack sealing
- Exterior touch up painting
- Timber landscape wall repairs
- Unit deck surface (parking lot side of bldgs.) sealing
- Playground project

The following pending projects were discussed:

- Brown shake siding replacement on buildings 10, 11 and 12; It was noted that replacement was completed on building 10, but due to delays, buildings 11 and 12 were not completed. The materials have been stored for winter and buildings 11 and 12 will be completed in 2021.

Future projects under consideration for 2021 were discussed to include:

- Asphalt crack seal and seal coat

-Exterior painting; the possibility of completing a paint color change was discussed. It was noted that any color change must be approved by ENPHA Master Association. It was also noted that there is an additional significant expense associated with changing the paint color.

B. Owner Reminders

- Owners should review the House Rules with renters and guests.
- Rentals of less than 30 days are prohibited. Owners who rent long than 30 days must provide the Association with a copy of their lease.
- Pets must be kept on a leash and owners must pick up after their pets.
- Parking is allowed in designated areas only. Owners and tenants are not allowed to park in the guest parking spots.
- Thermostats should be kept at a minimum of 55 degrees to prevent frozen pipes.

C. Owner Education

SRG presented an Owner Education piece about “Insurance” and discussed HOA coverages in place. Owners were reminded to ensure that they have an “HO6” policy.

VI. OLD BUSINESS

The following Old Business item was discussed:

A. Owner workdays; Owners were thanked for participating. Al noted that 351 owner workday hours were submitted in 2018, 375 hours in 2019 and over 421 hours worked in 2020. These efforts result in significant savings to the HOA.

VII. NEW BUSINESS

The following New Business item was discussed:

A. Playground; The Homeowners discussed the playground area. It was noted that the playground equipment was removed. The equipment was in need of costly repair and was used primarily by residents of neighboring HOA’s. Future possibilities for the area were discussed to include the addition of irrigation and grass. It was noted that the Town of Silverthorne owns the majority of the area and the Hideaway has a revocable use license. ENPHA also owns a portion of the land. ENPHA has stated that they will participate in funding for irrigation and grass additions as well as possibly the Ranch HOA. An Owner asked if the picnic tables could be moved. This will be investigated. The possibility of a gazebo addition was also discussed.

VIII. OWNER FORUM

Owner Comments

The following general Owner Comments were made:

-An Owner asked about procedure to make improvements to the front landscape bed. It was noted that all areas outside of the unit are “common” and Owners are required to receive

HOA approval prior to making any modifications to the exterior ground (and buildings). The Owner will email SRG request and the HOA will review.

-An Owner requested that the snow shovelers push snow out further away from the buildings to allow the snowplow better access to remove.

-An Owner commented on the “closed” signs on the Raven Golf Course path. The Owner asked if the nordic ski trails will be open this season at the Raven. It was noted that the Town of Silverthorne is possibly moving the nordic ski trails to the new Summit Sky Ranch park and that this is under discussion. Information will be sent out as it becomes available.

-An Owner asked if the HOA was responsible for individual unit windows. It was noted that per the HOA Governing Documents, windows are the responsibility of the individual unit owners and that Owners wishing to complete repair or replacement of the window must first received HOA approval in order to ensure exterior uniformity is maintained.

-An Owner stated that we have had illegal trash dumpers and encouraged Owners to keep an eye out and report any illegal dumping to SRG.

-An Owner noted that dogs are sometimes running off leash and not being picked up after. It was felt that this was mainly a violation committed by renters. Owners are reminded to review the house rules with their unit occupants and remind them that pets must be on leash and picked up after. Owners should report infractions to the Police as well as SRG. Additionally, it was noted that an “orange cat” is often roaming at large and this is a violation of the rules as well.

-An Owner noted that she had “plug in” heat tape on the front of her unit. SRG will investigate this.
