ADOPTION AND AMENDMENT PROCEDURE

Pursuant to Article Six: Restrictive Covenants and Obligations of the Declaration of the Timberline Cove Condominium Association, and all applicable laws of the State of Colorado, the following Rules and Regulations are established for the Timberline Cove Condominium Association, originally adopted on Thursday, March 13, 2008 by the Board of Directors.

The Bylaws of the Timberline Cove Condominium Association require that the Executive Board establish, make and enforce compliance with such reasonable Rules and Regulations as may be necessary for the operation, use and occupancy of the Units and the Common Area with the right to amend same from time to time. A draft of the proposed amendment will be submitted to the membership for review and comment at least thirty (30) days prior to adoption.

Timberline Cove Condominium Association is the authorized management body of the Timberline Cove Condominium Project. The Association is governed by a Board of Directors and the day-to-day management has been delegated to Summit Resort Group. All costs and responsibility of maintaining the integrity of the Condominiums are borne by the owners collectively. Thus, all owners of Timberline Cove Condominiums have a vested interest in adhering to the Rules and Regulations.

The Board of Directors seeks to make Timberline Cove Condominiums a pleasant living environment for all residents, owners and renters alike. To this end, the following Rules and Regulations are set forth, as required by the provisions, the Bylaws. The Bylaws empower the Board of Directors to establish and enforce such measures as it deems reasonable and necessary for the operation of the Condominium project. The Board also has the right to amend these Rules and Regulations at its discretion. We hope that all owners abide by the Rules and Regulations set forth below so that we can work together to make Timberline Cove Condominiums an enjoyable, safe and attractive place to live and vacation.
